Profile

PHP Laravel Developer with 2.5+ years of hands-on experience in designing, developing, and optimizing scalable web applications. Proficient in **Laravel, PHP, MySQL, and REST API development**, with proven expertise in building secure authentication systems, integrating third-party APIs, and enhancing application performance. Successfully contributed to **4+ live client projects** including HappyU, MahaPay, VGM India, and Diamond Fresh Chicken, delivering robust solutions within deadlines. Recognized for strong problem-solving skills, attention to detail, and the ability to collaborate effectively in remote and cross-functional teams.

WORK EXPERIENCE

Php Laravel Developer, Web Digital Mantra IT Services Pvt. Ltd

06/2023 – Present

Developed and maintained Laravel-based web applications.

Bengaluru ▪ India

Implemented secure authentication, role-based access control, and REST APIs.

Optimized SQL queries and database structure, improving performance by 20%.

Integrated third-party services including payment gateways and SMS APIs.

Collaborated with the frontend team to ensure seamless user experience.

Junior Php Developer, Soft volt It Solutions

09/2022 – 06/2023

Proficiency in PHP syntax, basic programming constructs, and OOP (Object-Oriented Programming).

Jaipur ▪ India

Understanding of HTML, CSS, and basic JavaScript for integrating backend functionality.

Familiarity with MySQL, including writing basic queries (SELECT, INSERT, UPDATE, DELETE) and understanding database schema design.
